

This is me!

Rationale:

It's a new school year and the teachers are super excited to welcome their new classes! We want to show everyone how Year 5 demonstrate the Park Gate Values in Action and want to celebrate this by putting up a display in the central area for everyone to see! Alongside exploring our Park Gate Values, we will be discussing examples of famous people, who have displayed our Park Gate Values in their own lives in order to inspire us.

This is Me!

Lead Subject: PDL

Our PDL will focus on 'Me and My Relationships' and will involve lots of activities to explore our relationships in school and at home. The lessons will help the children build up effective strategies that they can use throughout the year, such as managing conflict and how to be assertive.

Lead Subject: English

We will begin by studying several famous people who have demonstrated our Park Gate School Values in their lives.

We will then consider our own positive attributes, writing about how we have demonstrated the Park Gate values in the past and how we will do so in the future.

Lead Subject: DT

We will be learning how to use different stitches in order to create a personalised panel to represent ourselves when creating a class banner.

Applied Subject: Maths

In our first week we will be focussing on statistics; we will interpret and use tally charts, pictograms, bar charts and line graphs. We will be exploring our number system and place value in our maths lessons, specifically Roman numerals and negative numbers.

School Value:

We will be reminding ourselves of all of our Park Gate School values.

Applied Subject:

Computing

Computing lessons will focus on keeping ourselves safe on line - E-Safety.

Home Learning:

Reading x3 at least per week
Practise your times tables every day

Year 5 Autumn 1
2 Weeks

P.E:

Ball skills/Swimming

Outcome:

On Thursday 19th September at 3pm, adults from home are invited in to an Open Classroom to see our work so far.
